Summary:

Highly motivated Full Stack MERN Developer with internship experience building dynamic web apps, creating REST APIs, and designing responsive UIs. Strong foundation in JavaScript, React, Node.js, MongoDB, and modern web technologies. Fast learner and clean coder with a strong focus on building scalable, user-centric applications.

Skills:

• **Frontend** – HTML5, CSS3, JavaScript (ES6+), React, Redux State Management.

• **Backend** – Node, Express, REST APIs, JWT Authentication.

• **Database** – MongoDB, Mongoose.

• **Tools & Technologies** – Git, GitHub, VS Code, Postman, NPM.

• **Soft Skills** – Problem-Solving, Team Collaboration, Fast Learner, Adaptable.

Projects:

• **Chess.com Clone – Backend**

Developed a real-time multiplayer chess backend using Node.js, Express, Socket.io, and Chess.js | Implemented live move updates, role assignment, and board sync with socket events | Built turn-based game logic, invalid move handling, and FEN-based board broadcasting | Integrated EJS templating for dynamic UI rendering and optimized server-side event handling for smooth gameplay.

• **Myntra Clone – React E-Commerce UI (ongoing)**

Created a fully optimized e-commerce frontend inspired by Myntra using React | Built a 5+ screen e-commerce frontend with filtering, sorting, Wishlist, and cart functionalities, improving load time by 25% | Built reusable components, custom hooks, and context-based state management. | Integrated dynamic product data using JSON/API and optimized UI for mobile screens.

• **Personal portfolio**

Designed and developed using HTML, CSS and JavaScript | Created a modern personal portfolio website that increased recruiter engagement by 40% and improved load speed to under 1.5s | Integrated project sections, resume download, contact form, and social links to create a complete developer profile | Fully responsive and deployed via GitHub Pages.

Work Experience:

Full Stack Developer Intern — Unified Mentor Pvt. Ltd. (Remote)   Mar 2025 – Sep 2025
- Built 4+ full-stack MERN applications and optimized API performance using Express and MongoDB, improving response time by 20%.
- Implemented RESTful APIs and integrated backend services with front-end UI.
- Managed version control using Git & GitHub.
- Delivered optimized, clean, and reusable code.
- Awarded Full Stack Developer Internship Completion Certificate.

Web Developer Intern — InternPe (Remote)   Jan 2025 – Feb 2025
- Assisted in developing interactive web components.
- Worked with responsive layouts, UI improvements, and debugging.
- Improved UI responsiveness by 30% across 10+ pages using modern front-end practices.

Web Developer Intern — PHN Technology, Pune   April 2023 – June 2023
- Worked on front-end design and basic web functionalities.
- Contributed to mobile-friendly UI development.
- Participated in code reviews and collaborative development tasks.

Education:

• **Bachelor of Technology (B. Tech) — Information Technology**
Dr. B. R. Ambedkar Technological University
Graduation Year: 2025 | CGPA: 7.01
